# ***I CAN DO THAT!***

Can I really do anything if I just try hard enough? If you're asking about the most important things, the answer is, "Yes, I can do that!" These are some of the most important questions:

Can I work through my problems? *I can do that!*

Can I use my problems to get stronger? *I can do that!*

Can I share my strength? *I can do that!*

Can I have fun without hurting myself? *I can do that!*

Can I have fun without hurting others? *I can do that!*
